

Community composting credits

Norfolk County Council will pay credits to community composting schemes in Norfolk for removing garden waste material from the household waste stream for processing.

To qualify for credits, community composting schemes must be checked and approved by the Council on a case-by-case basis. Once you have applied for credits, Norfolk County Council will visit your scheme, observe the weighing operations and ensure that they are recorded correctly. Appropriate records are needed to support any claim and provide an audit trail.

for the latest credit rate, further information, how to apply and how to claim.

Please note that you will need to register as a collector and as a merchant, and be approved, before you can submit a claim.

If you wish to discuss anything related to composting (recycling) credits, please contact:
