

ACTIVITY 2 – MAKE A BRAIDED DOG TOY FROM OLD RAGS

<http://www.withmycamera.com/2012/03/getting-crafty-with-pinterest.html>

- Take some old textiles that you don't need (AND NEITHER DO YOUR RELATIVES/CARERS).
- Measure about 60cm of material and cut in to strips about 7cm wide.
- The number of strips you will need will depend on how thick the material is. For example, for t-shirt material you will need 9 strips of material. If you have a choice, you may want to use different materials to make a pattern.
- Gather all the strips together and tie at one end.
- After tying your knot, make a basic braid and tie another strong knot at the end.

DON'T JUST DO IT – SHARE IT

Did you make a sock toy something else? Why not share it on
