

Where does your recycling go?

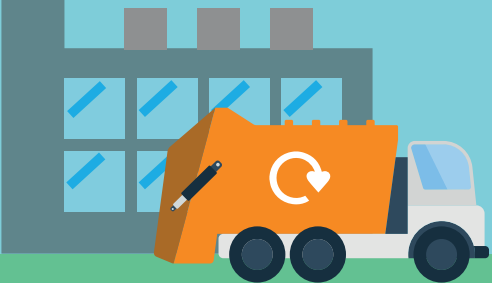

Please check [norfolkrecycles.com](https://www.norfolkrecycles.com) for a full list of items you can recycle.

When your recycling is collected it is taken to the Materials Recycling Facility (MRF) in Costessey.

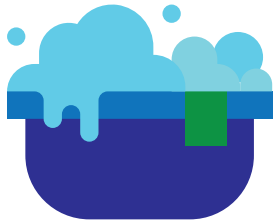

At the MRF, your recycling is sorted by hand into different materials.

Sorted materials are sent to factories where they are made into new products. 90% of Norfolk's recycling is reprocessed in the UK.

Non-recyclable items are removed and burnt to generate energy.

Please ensure your recycling is:

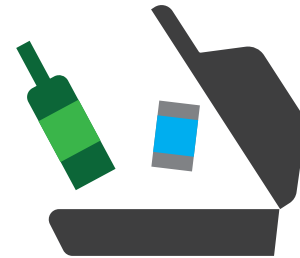

Clean

Leftover food or liquid contaminates recycling

Dry

Wet items can also contaminate other recycling

Loose

Please don't put carrier bags or sacks in your bin
