

Right Thing, Right Bin

Please check norfolkrecycles.com for a full list of items you can recycle.

'Contamination'
is when items which
cannot be recycled, end
up in your recycling bins

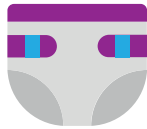

So it's important we
all put the right
thing in the right bin

When your recycling is sorted, this can
cause whole loads of material to be
thrown away instead

You cannot recycle:

Soft plastics

Nappies

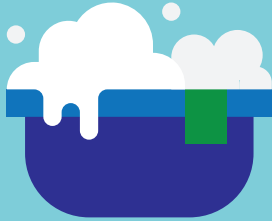

Dirty food containers

Bagged items

Please ensure your recycling is:

Clean

Leftover food or liquid contaminates recycling

Dry

Wet items can also contaminate other recycling

Loose

Please don't put carrier bags or sacks in your bin
