

What does your recycling become?

Please check [norfolkrecycles.com](https://www.norfolkrecycles.com) for a full list of items you can recycle.

Paper & Card

Cardboard goes on to become new boxes, whilst paper gets turned into newspapers, books or magazines.

Plastic

Plastic bottles could be turned into fleece jackets, t-shirts or insulation for sleeping bags (or new bottles).

Metal

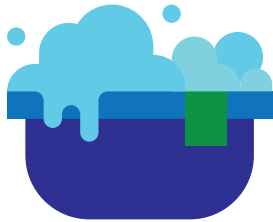

Drinks cans can become new cans or parts for cars. Food tins could be new tins, bike frames or pipes.

Glass

Glass can be recycled repeatedly, so your jars could come back filled with your favourite products!

Please ensure your recycling is:

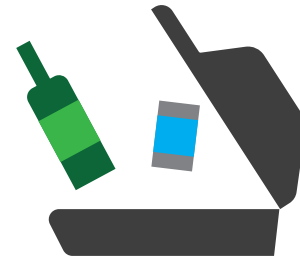

Clean

Leftover food or liquid contaminates recycling

Dry

Wet items can also contaminate other recycling

Loose

Please don't put carrier bags or sacks in your bin
